SKILLS

UX: User Research, Interviews, Surveys, Information Architecture, User Flows, Wireframing, Prototyping
UI: Interface Design, Interaction Design, Visual Design, Mobile App Design, Web Design
Delivery: Responsive Design, Accessibility, Auto Layout, Developer Handoff
Tools: Figma, Framer, Adobe Illustrator, Photoshop, InDesign, Procreate, Blender, Unity
AI Tools: Claude, Claude Code, ChatGPT, Google Stitch, Lovable, Replit

PROJECTS

Streetly: E-bike Rental App | UI/UX Designer
- Designed a mobile app to compare and book e-bikes from multiple providers on one map.
- Researched user needs through 60 survey responses and 8-10 interviews.
- Built the information architecture, user flows, wireframes and prototype for the booking journey.

Central India Railway Network | Information Designer, UI Designer
- Designed and built a website in Figma and Framer that makes complex railway data easy to read.
- Organized public records into six sections and created a tabletop data model of Mumbai CST.

DAU RidePod: Self-Service Kiosk | Interaction Designer, UX Researcher (Team of 4)
- Designed an e-bike vending kiosk and smart dock concept using human factors principles.
- Explored demand, policy and cost through student research and an administration interview.

GroomCue: Phygital Product | Product Designer (Team of 3)
- Designed a proof of concept that keeps dogs calm during grooming with light, sound and treats.
- Defined the problem using 15 survey responses and published research.

VR Tattoo Studio | AR/VR Experience
- Created the concept and built the full VR experience, a cultural journey through a virtual tattoo studio.
- Modelled 3D spaces in Blender and developed interactions and the portal transition in Unity.

EXPERIENCE

Graphic Designer | Lynx Designers & Creators, Noida — February 2024 - October 2024
- Designed digital prints and packaging artwork for gifting products such as paper bags, boxes and ribbons.
- Researched design trends to develop market-relevant product collections.
- Created product mockups and documented the company's product portfolio.
- Worked with the design team on print-ready assets using Illustrator, InDesign, Photoshop and Procreate.

Textile Design Intern | Vimla Rugs, Jaipur — June 2022 - July 2022
- Designed patterns for handwoven rugs and staircase runners.
- Developed designs through hand sketches and digital illustration using Procreate and Illustrator.
